

NINJA DISCOVERY WALKING TOUR of TOKYO 2016

◆ Feel the Ninja Legacy in TOKYO

Ninja were not the creation of the human imagination, but real persons who were greatly active in the shadows of Japanese history. Ninja were mainly employed by the Tokugawa Shogunate to guard Edo castle in the 17 century.

It is also well known that Hattori Hanzo whose family roots in Iga of Mie Prefecture has honorably served under the Tokugawa shogunate.

We will stop at several Ninja-related secret spots related in Tokyo. We can't tell you where or what it is but we can promise that you will really like it!

Join us to find out where and what it is!
